M: Hello, students. This is your vice-principal JoY Adams. We have an online bulletin board where students can post their opinions, but you haven't been using it much these days. To get more feedback from you, we've placed suggestion boxes next to the student lockers on each floor. Your ideas about anything such as after-school programs, school facilities, or school festivals would be welcomed. You can use the form next to the suggestion boxes to tell us your ideas. We'll consider them and do our best to implement your ideas, if possible. Thank you.
